How to buy
MBE token?

CONTENTS

- [1. System requirements to work with your Personal Area](#)
- [2. Buying for Ethereum \(ETH\)](#)
 - [2.1 Buying through your Personal Area <https://ico.mobeetel.co>](#)
 - [2.2 Buying through MyEtherWallet](#)
- [3. Buying for other cryptocurrency \(about 50 cryptocurrencies accepted\) in your Personal Area](#)
- [4. Information on the smart-contract](#)
- [5. How to add MBE tokens to your wallet](#)

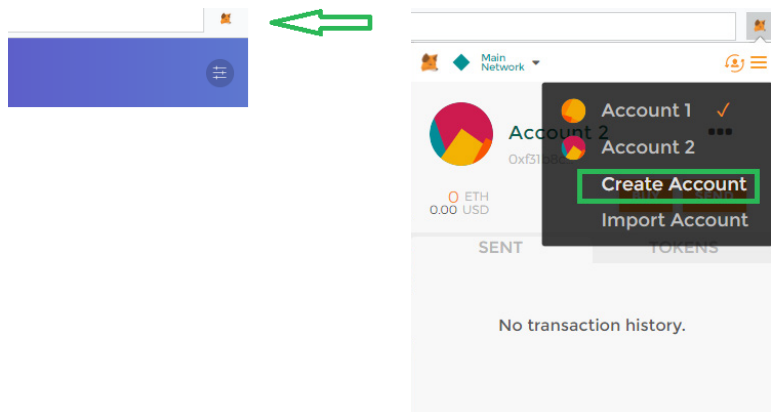

For all questions on how to buy, please, contact us on support@mobeetel.co

1. SYSTEM REQUIREMENTS TO WORK WITH YOUR PERSONAL AREA

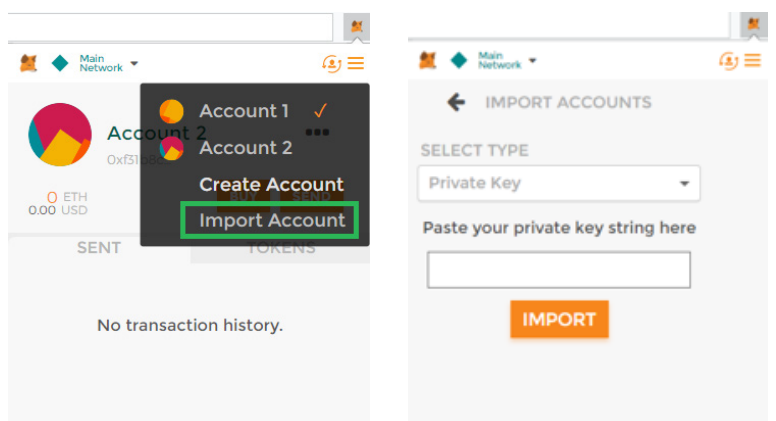

Please, use wallet Metamask with browser [GoogleChrome](#) / [Firefox](#) / [Opera](#) to work with your Personal Area.

Please, note that there is no mobile version of a Personal Area because Metamask plugin is supported by computer versions of browsers Chrome/Firefox/Opera only.

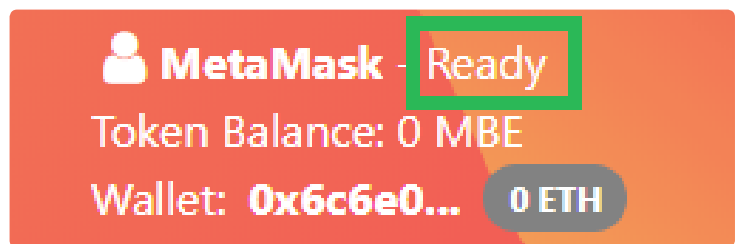

1. If you have never had an Ethereum wallet, you have to press Metamask icon in the top right corner of your browser and “Create account”.

2. If you have already got an Ethereum wallet, you can import it to Metamask through “Import account” with your personal key or JSON-file.

3. To ensure normal functioning of your Personal Area, please, get the “ready” status of Metamask. Check the status at the top of the page.

Possible Statuses:

Not connected – there is a Metamask connection problem or plugin uninstalled

Loading – please, wait, synchronizing with Metamask is in progress

Locked – please, press Metamask icon in the upper right corner of your browser and enter the access password to unlock

Ready – ready to buy tokens

You can take advantage of a [direct purchase](#) to smart-contract address

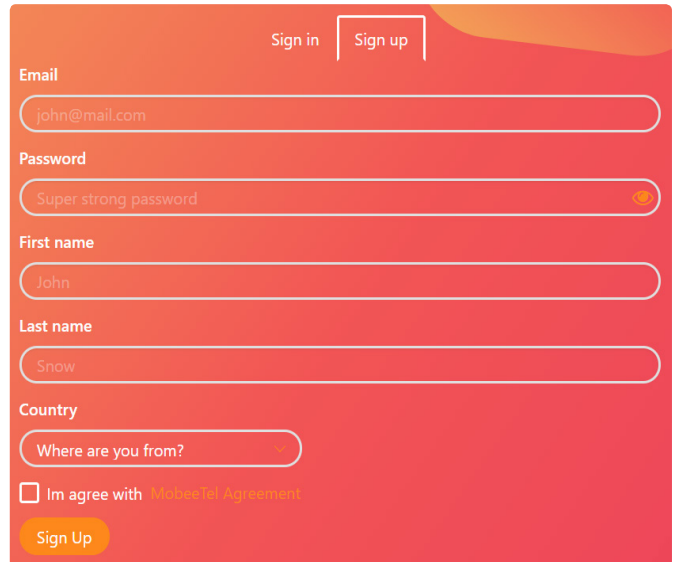

2. BUYING FOR ETHEREUM (ETH)

2.1 Buying through your Personal Area

1. Follow the hyperlink <https://mobeetel.co>

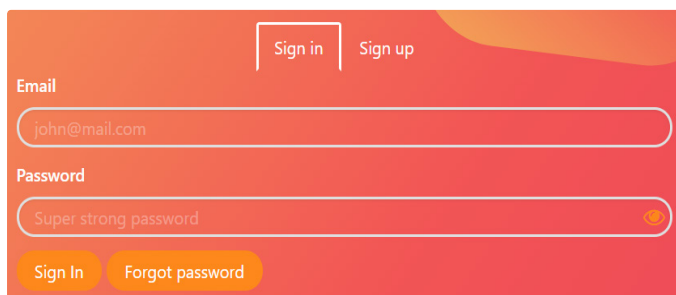

2. Press  or enter your Personal Area by direct hyperlink <https://ico.mobeetel.co>

3. Please, signup (You will get to your e-mail a link to activate the account no-reply@mobeetel.co)

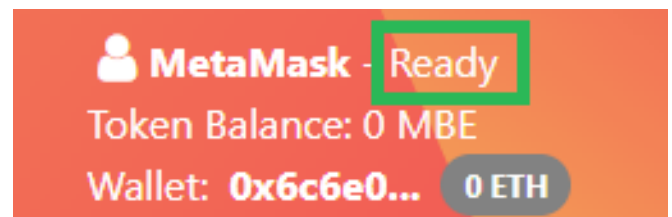

The screenshot shows a sign-up form with the following fields: Email (john@mail.com), Password (Super strong password), First name (John), Last name (Snow), and Country (Where are you from?). There are 'Sign in' and 'Sign up' buttons at the top right, and a 'Sign Up' button at the bottom right. A checkbox for 'I'm agree with Mobeetel Agreement' is also present.

4. Sign in to your personal account

The screenshot shows a sign-in form with the following fields: Email (john@mail.com) and Password (Super strong password). There are 'Sign in' and 'Sign up' buttons at the top right, and 'Sign In' and 'Forgot password' buttons at the bottom left.

4. Check the Metamask status. For proper work it's should be installed and unlocked. See the status in the top part of your Personal Area.

Possible Statuses:

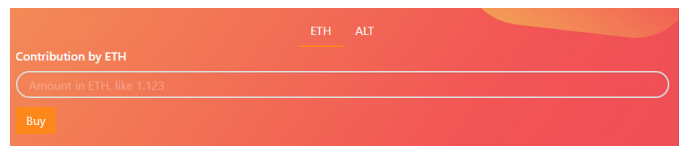

Not connected - there is a Metamask connection problem or plugin uninstalled

Loading - please, wait, synchronizing with Metamask is in progress

Locked - please, press Metamask icon in the upper right corner of your browser and enter the access password to unlock

Ready - ready to buy tokens

7. Please, enter the contribution in ETH. The calculator bellow will show you the sum of MBE tokens you are going to buy.

The screenshot shows a contribution form with the text 'Contribution by ETH' and 'Amount in ETH, like 1.123'. There is a 'Buy' button at the bottom left.

Then a window of Metamask wallet will open and you will be offered to confirm the transaction. You will get the MBE tokens after the confirmation.

7. You can read how to add MBE tokens to your wallet in chapter [5 of the present document](#).

Please, note that transactions with your MBE tokens are unavailable until the end of ICO period.

2.2 Buying through MyEtherWallet

1. Please, open <https://www.myetherwallet.com>

2. Please, verify that the page is not scam  MYETHERWALLET LLC [US] | <https://www.myetherwallet.com>

If you have not got an Ethereum wallet yet, create it:

Create New Wallet

Enter a password

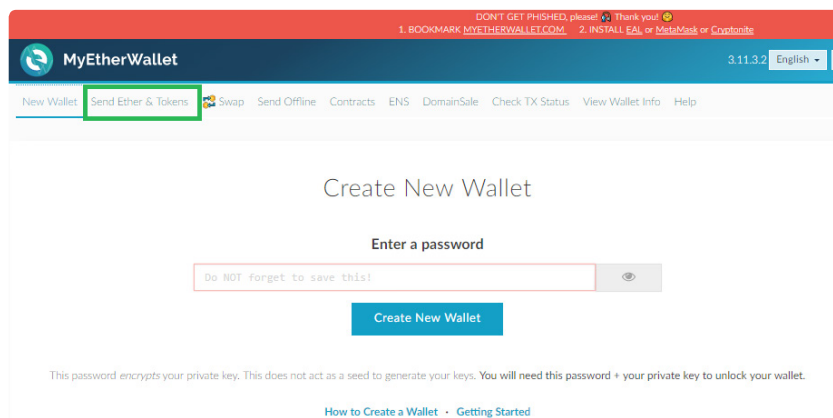

Do NOT forget to save this!

Create New Wallet

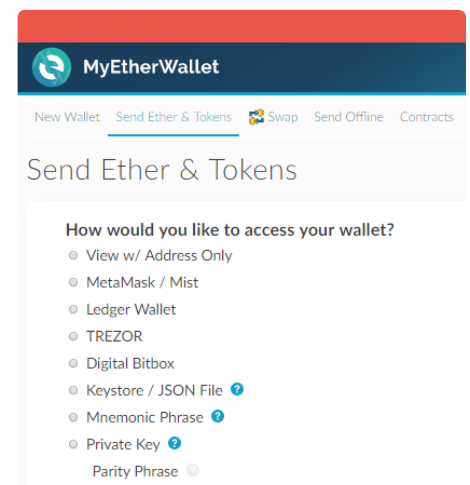

This password encrypts your private key. This does not act as a seed to generate your keys. You will need this password + your private key to unlock your wallet.

[How to Create a Wallet](#) · [Getting Started](#)

8. If you have got ETH wallet already, please, select **“Send Ether and Tokens”**

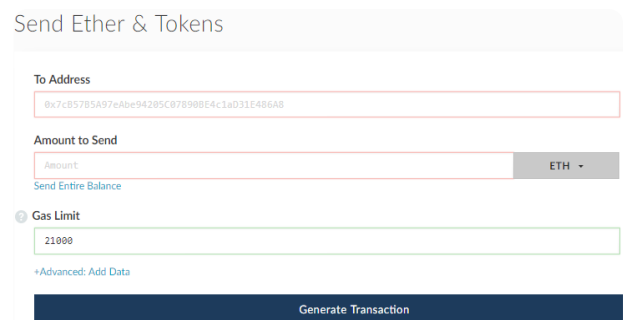

9. Please, select the way of access to the wallet

5. Then enter the data necessary for purchasing MBE tokens and generate the transaction, confirm it, please:

Address of smart-contract, Gas limit in ETH.

Please, verify the smart-contract address by three source in chapter [“Information on the smart-contract”](#) of the present document.

A screenshot of the 'Send Ether & Tokens' form. It includes the following fields: 'To Address' (with a sample address), 'Amount to Send' (with a sub-field for 'Amount' and a dropdown for 'ETH'), 'Gas Limit' (with a value of '21000'), and a '+Advanced: Add Data' link. A 'Generate Transaction' button is at the bottom.

6. You can read how to add MBE tokens to your wallet in chapter [5 of the present document](#).

Please, note that transactions with your MBE tokens are unavailable until the end of ICO period.

3. BUYING FOR OTHER CRYPTOCURRENCY

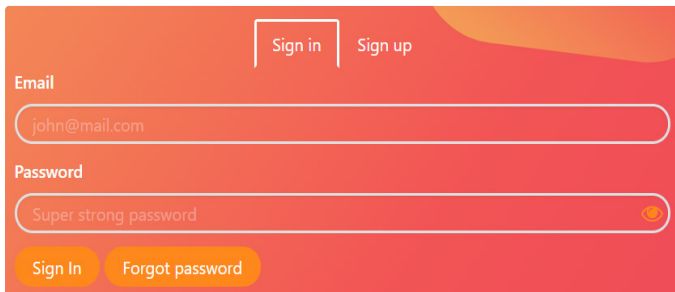

Information: purchasing of MBE tokens by alternative cryptocurrencies is available through your Personal Area only.

1. Please, open <https://mobeetel.co>

2. Please, press  or sign in your Personal Area by direct link <https://ico.mobeetel.co>

Please, sign up (You will get a link to activate the account to your e-mail no-reply@mobeetel.co)

4. Sign in your Personal Area

5. Check the Metamask status. For proper work it's should be installed and unlocked. See the status in the top part of your Personal Area.

Possible Statuses:

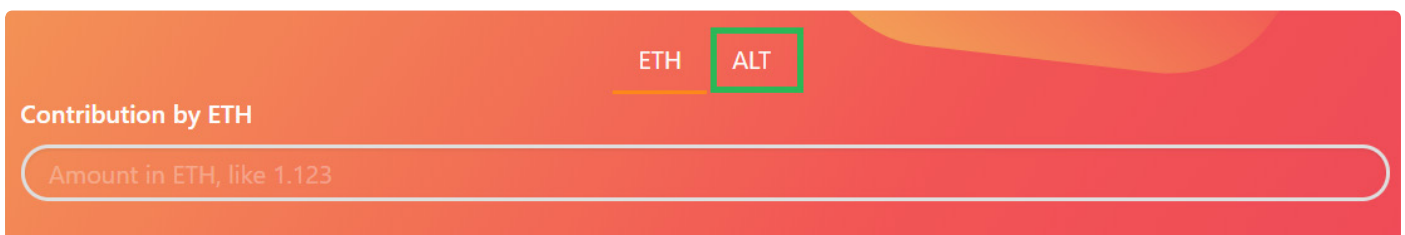

Not connected - there is a Metamask connection problem or plugin uninstalled

Loading - please, wait, synchronizing with Metamask is in progress

Locked - please, press Metamask icon in the upper right corner of your browser and enter the access password to unlock

Ready - ready to buy tokens

7. Press "ALT"

ETH ALT

Contribution by ETH

Amount in ETH, like 1.123

8. Please, choose your altcoins to convert into ETH (for example BTC or other available currencies), enter your wallet address where you will transfer altcoins from. In case of an unsuccessful transaction, you will get your money back to your wallet address.

ETH ALT

This page can be used to convert your non-ETH funds. To do this, you need to click on the "New deposit address" button and send funds to the proposed address. Your funds will be sent to your current Metamask wallet. Then when your coins finally reached the wallet, our app will create a transaction for participation in tokensale, so you will only need to submit it.

Warning

If you send the amount beyond the specified limits, you can lose your money!

Contribution by BTC

BTC

Refund address:

[Bitcointalks.org](#)

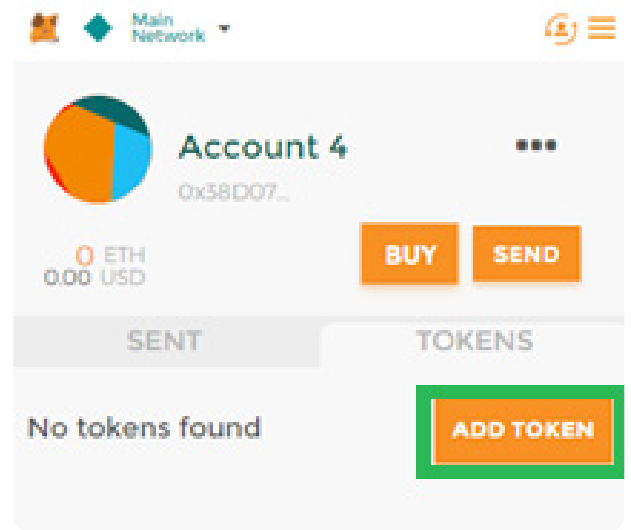

[Github](#)

5. HOW TO ADD MBE TOKENS TO YOUR WALLET

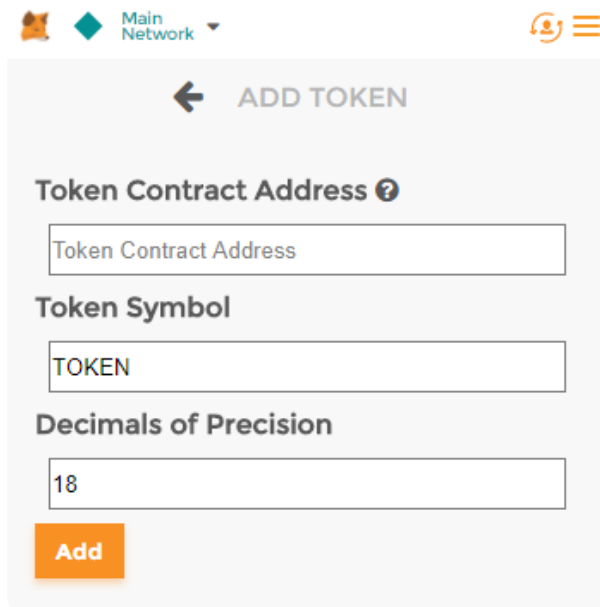

To add your MBE tokens to Metamask wallet choose "Tokens"

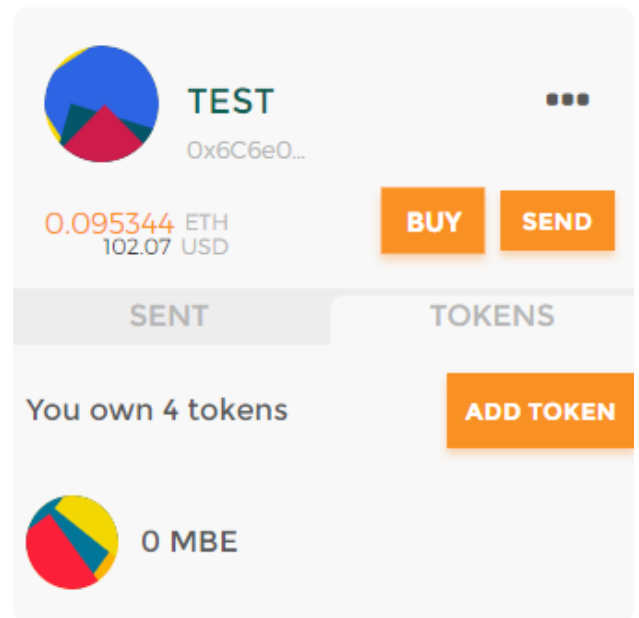

Then press button "Add token"

Write in the address of smart-contract, name of token MBE and number of digits following the point - 18.

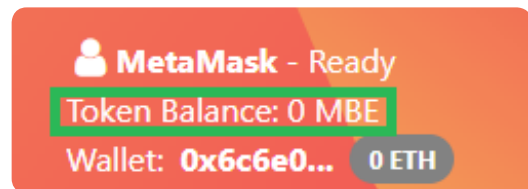

Then Metamask will show the balance of MBE tokens in the tab "Tokens".

You will see your balance in your Personal Area on our site, as well as the history of transactions.

Added tokens to Metamask, you will see the balance of MBE tokens at the top of the page of your personal account.

The procedure of adding tokens is similar for another ERC20 wallets. For example for MyEtherWallet:
